## ABOUT ME

I'm a 20-year-old man who is currently a student majoring in Statistics, Diponegoro University. I can communicate well, and I'm the type of person who tries to complete one task before moving on to another. I have an interest in data science, technology and also participate in various campaigns, especially through social media. I like to try new things and learn them like lately, I'm currently eager to learn more about data science and programming by taking online courses.
